The aim of a Sudoku puzzle is to fill in the grid so that each row, each column and each box contains all the numbers from 1 to 4.

Simple eh! Of course not! Sometimes it is easy but often it can be fiendishly difficult. But it's fun to learn strategies for yourself by just having a go!

Fill in the puzzle so that every row across, every column down and every 2 by 2 box contains the numbers 1 to 4.

GOOD LUCK, THIS ONE WILL HELP WITH YOUR MATHS HOMEWORK !!
